We are currently working to share this information with children and families through the school district. Parents will receive information through regular school communication platforms and we will promote through social media. Please help us get the word out to school children and their families by sharing this newsletter.

During this difficult time, our utmost priority remains the safety and well-being of the students and volunteers. We ask that all individuals maintain social distancing while waiting in line for their meals. Meals should not be consumed on site.

Partners involved in this effort include Boys & Girls Clubs, Girls Inc., Cascade Hills Church, Evangel Temple, Feeding the Valley, First Baptist Church, Open Door, The Salvation Army, Take the City, and YMCA.
